MEDICAL TATTOO TRAINING

2026 TRAINING DATES

3RD - 6TH JANUARY

2ND - 5TH MARCH

11TH - 14TH MAY

8TH - 11TH SEPTEMBER

EVER DREAMT OF...

HAVING A JOB THAT WORKS AROUND YOU?

MAKING UP YOUR OWN WORKING HOURS?

HAVING ZERO LIMIT ON WHAT YOU CAN EARN?

GAINING A SKILL SET THAT WILL ALLOW YOU TO WORK FROM ANYWHERE IN THE WORLD?

CHANGING PEOPLES LIVES FOR THE BETTER?

It's needless to say, medical tattooing is like no other treatment on the market! Medical tattoos are treatments that involve adding pigment to the face and body anywhere that colour is missing from injury, trauma, birth defect, post-surgery or as an alternative to surgery.

It is an emotionally rewarding experience to provide people with life-changing results, and we believe it is the most fulfilling 'job' (if you can call it that!). Working with clients, hearing their stories and feeding off their strengths is something that is truly amazing and that you will be so thankful to be involved in.

FREQUENTLY ASKED QUESTIONS

DO YOU OFFER FINANCE TO HELP PAY FOR THE COURSE?

We do not offer finance through our company for course payments. This is because the APR payments are too high. However, if this is something you are considering, you should compare bank loans on any comparison site. This will get you the cheapest APR rate available.

WHY SHOULD I TRAIN WITH YOU?

Without a shadow of a doubt, we have the utmost experience when it comes to medical tattooing, with thousands of real-life testimonials and lives changed. We push our students to strive for success. We offer a lifetime of support and guidance. Furthermore, we share your work on social media platforms to help you achieve a bigger reach, and we can recommend you to your local surgeons and hospitals based on our name and training course, which has helped many of our past students get a foot through the door.

We encourage you to do your research on trainers, healed results, how long they have carried out the treatment, and how long they have been teaching themselves, how the course runs, how many models you will get to complete during the course, and of course, the kit that you will receive with the training.

During your time with us, you will complete around 10-15 models (on a standard course it's 1-2). This will give you lots of hands-on experience and the opportunity to work with different scars, stories, and clients. The kit that you receive on a training course is very important! This alone can set you up for failure or success.

FREQUENTLY ASKED QUESTIONS

WHY SHOULD I TRAIN WITH YOU?

In your kit you will receive a top-of-the-range Xion Spectra tattoo machine. This is the best tattoo machine on the market! We use it for all of our medical treatments and also our semi-permanent treatments. Not only do you get the best tattoo machine, the kit is loaded with the highest quality pigment, needles, and general supplies that you need to get your business going.

DO I NEED ANY EXPERIENCE?

You can take any of our courses with no prior experience. However, if you do have a background in SPMU, then we offer an advanced package.

WHERE AND WHEN WILL THE COURSE TAKE PLACE ?

Unless agreed otherwise, most of our courses take place in our Manchester Academy. We do offer private 1:2:1 courses in London. Depending on models, the course usually runs:

Day 1: 10am-2:30pm

Day 2: 10am-4pm

Day 3: 10am-4pm

Day 4: 10am-5pm
