# ARCH & CO

TRAINING ACADEMY

Our courses are all VTCT approved trainer and all of our training courses are accredited with ABT. The Arch & Co team are extremely experienced when it comes to guiding you through this journey we will put you at ease from the get-go and bring out your very best potential when guiding you into this new career or developing a new skill set.

Here at Arch & Co, we have a very long and reputable client list, including many well-known celebrities and models. Our goal is to provide our clients with the utmost natural outcomes, by using our signature techniques. We would love to teach you how to provide these results for your clients, along with how you can keep them coming back for more.

Our training course isn't your standard training course. It was designed to set you up for success. The course is very personal and tailored to your needs. Our classes are small to allow for maximum learning potential. You will get LOTS of hands-on tattooing practice and LOTS of support. No question is a stupid question. We will teach you the in and outs of the industry and you will learn from our beginner mistakes. With our beginner training, a top of the range kit is included. This includes the best tattooing machine on the market today! Along with everything that we personally use in our very own clinic. There are no secrets here, you will learn everything we know.

Starting a new career can be very daunting – . With such dedication and hard work we now have a amazing clinic & training academy in Manchester and a fabulous clientele. With the right training and support, you CAN achieve this too and we would love to share this journey with you.

## Information on our training academy

Our training courses are intense (and fun) and the classes are very small with usually 4 students and two teachers with lots of 1:2:1 support.

The training will take place at our Brand NEW Manchester Academy in Monton and will run from approximately 10 – 4/5 pm each day.

You will be sent manuals on the chosen course once the payment of the deposit has been received. You will need to complete some home study in your own time but this will be gone over in-depth on the theory day of your training course. After the theory, you will get the chance to practice on lots of live models with guidance from our team. This course is accredited by ABT.
